Screen shots of original number hacks, which started at DEFENDANT Facebook and were harrasingly conveying death threats through repetitive use of the number “187,” which = “murder, death, kill” to anyone who does not live under a rock. FB rarely uses “187” anymore; replaced with # hacks related to PLAITIFF’s person.

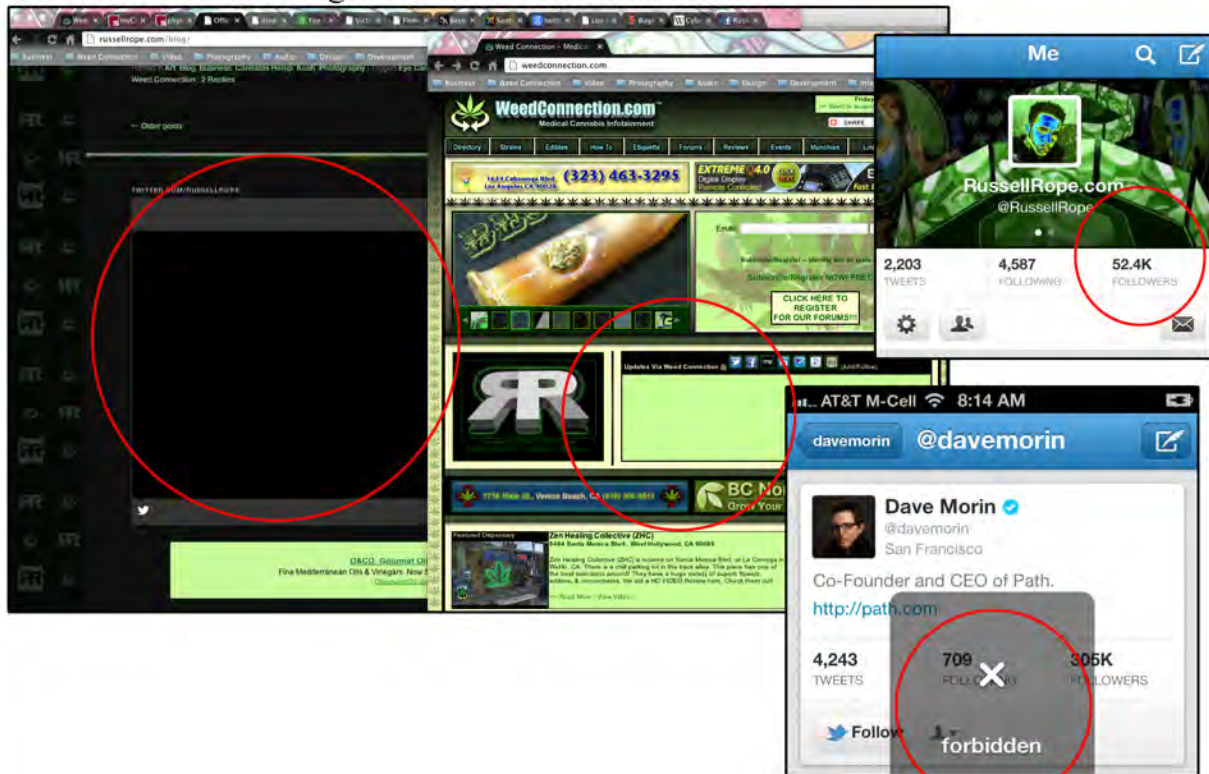

Name: Exhibit 5

Screen shot of how Instagram is using name, number, and service hacks. Many more screen shots and video screen shots exist, which clearly demonstrate additional acts of malicious hacking by DEFENDANTS, which are timed, dated, and clearly acts related to the conspiracy. Interference with reach, tags, and likes demonstrable with active account.

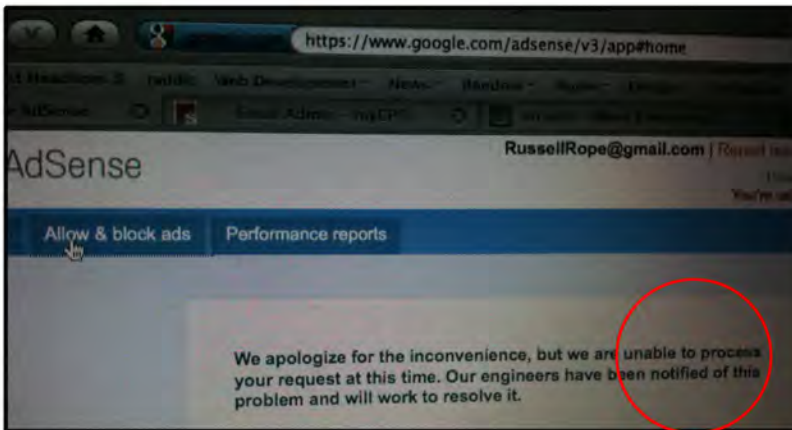

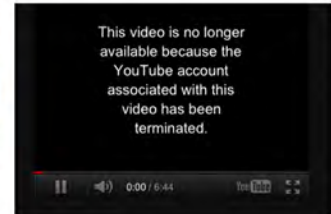

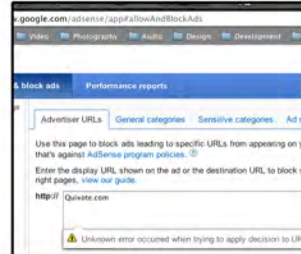

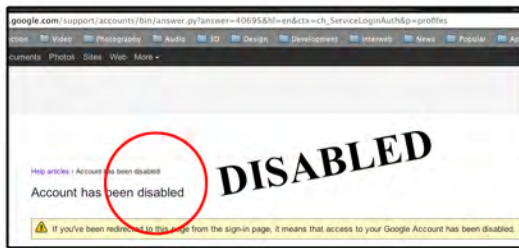

Screen shot of how Twitter is using name, number, and service hacks. Many more screen shots and video screen shots exist, which clearly demonstrate additional acts of malicious hacking by DEFENDANTS, which are timed, dated, and clearly acts related to the conspiracy. Intereference with reach, followers is partially demonstrated by how many followers PLAINTIFF used to have.

Screen shots demonstrating sabotage committed by DEFENDANT Google, YouTube, Google+, AdSense, etc; all following and similar to DEFENDANT Facebook in their disabling/termination of accounts, features, and AdSense hacks. Google is suspected of customizing their search algorithms to further damage.

6 APPLE. Much more evidence exists of phone service interference etc.

2 DEFENDANTS moved on from 187 threats to playing extremely harrassing mind  
3 games using other numbers and names to represent people from PLAINTIFF's

5 eventually came to represent another hater and serious violator.

Superb is the PLAINTIFF's web and email host suspected of conspiracy based on name number hacks, connection errors, and email issues. PLAINTIFF originally signed up with this host while they were based in Canada. Someone bought them and moved the company to USA around the same time MySpace both ran a large ad-campaign for Superb and gave an alleged upwards of million dollars worth of business to PLAINTIFF's resume referenced older brother instead of hiring a more than qualified PLAINTIFF who at the time was seeking employment.

13 To Whom It May Concern,

14 My name is Russell and I am a young entrepreneur who seeks the domain name

15 DomainNameInDispute.com for a new venture, which is really an expansion of my life's work. I have not yet seen,  
16 but am on the cusp of success, which is why I am offering a trade based on future success of the site. I believe  
17 DomainNameInDispute.com could be a perfect name for what we are doing and I am hopeful that we can work  
18 something out in exchange for the rights to it. I notice there is no site up at DomainNameInDispute.com and did  
19 some research, which led to this email, some disconnected phone numbers, the name Tom T., and an old mailing  
20 address, which seems to have been taken over by a new company with a different name. It looks like what was  
21 formerly DomainNameInDispute.com (or DomainNameInDispute Company) is waiting for me to do something new  
22 and great.

23 Please get back to me as soon as possible as we are ready to launch an awesome site as soon as we get a better  
24 name. Thanks and please join us on the "DomainNameInDispute" to success!

25 Sincerely,

26 Russell

13 Hi Tom,

14 I have been trying to reach you for months. We have a website that is ready to be launched at  
15 DomainNameInDispute.com. At first I wanted to negotiate a trade for the domain name; I was about to file an action  
16 against network solutions and another UDRP domain name dispute because I have not been able to get ahold of  
17 you through efforts not limited to contacting network solutions, ICANN, Internic, your old web host, all listed whois  
18 info, hired a pi, cold-calling every Tom T. we could find, checking business records, sending certified mail to your  
19 po box, and even calling building owners and Taiwan to try and track down anyone related to the company that  
20 was DomainNameInDispute Technologies. I recently contacted network solutions to let them know I was going to  
21 sue them, but they said you miraculously reemerged, which can be a good thing assuming you respect not only  
22 the efforts I have taken to secure the perfect domain name for our next venture, but also that I have put a lifetime of  
23 work into what I am doing and there is none other more deserving and qualified to run  
24 DomainNameInDispute.com. I have done my research and hope that you get in touch very soon and that we can  
25 come to an agreement before I take this further.

26 Sincerely,

27 Russell

Case # **5150**: Defense (Cover Sheet)

*Date: 11/2014-1/2015*

Summary: Defense for Fraud 5150 Case & Argument Against Corrupt MHC

Main Points:

1) Car computer smog test hack sent Plaintiff to DMV who for no reason directed Plaintiff to Sheriff station to sign off on ticket that did not need to be signed off.

2) Deputy "Royal" like other Sheriffs cast by name hack clearly lied. Sheriff report said Plaintiff was delusional because he referenced scars on his face that did not exist. Corrupt Judge at MHC admitted to being able to see the scars from where he sat, which was like 10 times the distance between Plaintiff and Deputy.

3) Plaintiff was asking for help from the Sheriffs, never made a threat, but rather an intelligent statement quoting the gun law he just read stating that it is legal to shoot someone engaging in a felony as a reason for the Sheriffs to do the job they were intentionally and fraudulently neglecting.

4) Sheriffs innappropriately touched and searched Plaintiff multiple times and on video that dissappeared in attempt to cause Plaintiff to resist or assault an officer.

5) Doctors had no facts or evidence supporting any claims other than what the lying Sheriffs said without any supporting facts or evidence.

6) Doctor confirmed in court that the "agitated" etc. descriptions of the Plaintiff in their reports could also be used to describe the disposition of someone who had been falsely imprisoned or kidnapped.

7) There was not one single valid or sound argument against Plaintiff, but the corrupt blue tie wearing MHC judge randomly verbalized a name hack "Blue Israel," which means he was playing into the religious discrimination RICO fraud.

8) Check the transcripts, which either validate this or have been tainted.

Evidence of intentional attempts by Judge MWF to publicize sealed exhibits and intentional and irrelevant trick order given without notice in attempt to invalidate those exhibits after several attempts to unfairly reject the evidence and then finally ordering it to be sealed.

Summary: This exhibit contains three images: 1) Email notice and intentional “222” number hack/harrasment playing into issues Plaintiff wrote about in the complaint and exhibitss, 2) Docket entry filed by Judge/Clerk giving short-lived and illegal notice that sealed exhibits were available for public review, 3) Screen shot of docket entry #110, which unlike all of the other one hundred and twenty something entries up to this point, does not link to a .pdf and did not deliver electronic notice by email.

### Simple Background Checks On Judges:

Proof that Plaintiff did research about the judges and that statements are both more than reasonable and supported by clear and convincing facts and evidence.

Date: 01-23-2018

Summary: Plaintiff alleges that first page of search results bring up plenty of sites with information in support of Plaintiff's statements about Judges. Screen shots from Wikipedia.org reveal the unconcealed fact that MWF is a [crooked] homosexual and that PLA held a position of authority at the religious legal organization. There were limited search results about these judges when they were first assigned to this case, which was an attempted stall tactic that failed at luring Plaintiff into filing regular motions and causing resource draining delays. Judge PA is known to lag and it was probably conspired months ago that he would rule against inevitable motion for disqualification.

Controversy [edit]

In 2006, Anderson was removed from a wrongful conviction lawsuit case by the United States Court of Appeals for the Ninth Circuit.<sup>[3]</sup> Lawyers for the plaintiff, a man who had spent twelve years in prison on a rape conviction but was later cleared by DNA evidence, had complained that Anderson was biased against the plaintiff.<sup>[3]</sup> On the day Anderson declared a mistrial (due to a deadlocked jury), a three judge panel from the Ninth Circuit ruled that due to Anderson's actions during the case his "impartiality might be questioned" and that the case should be expediently retried before another judge.<sup>[3]</sup>

In 2008, the Ninth Circuit overturned a trial Anderson presided over, ruling that Anderson should have disqualified himself due to his stock holdings in a corporation alleged to be a part of fraudulent business activities in the case.<sup>[4]</sup>

In a 2011 *Los Angeles Times* article,<sup>[5]</sup> Anderson was criticized for extensive delays in reviewing writs of habeas corpus. In particular, Anderson is alleged to refuse to rule upon writs in which junior judicial officials have found merit to a finding in favor of prisoner release; three cases have "languished unattended" in "years-long inaction"—these three cases waiting five years or more for rulings from Anderson.<sup>[5]</sup> Legal experts have said that the delays are "highly unusual" and critics have asserted that Anderson's handling of these cases is concerning and may warrant a misconduct inquiry.<sup>[5]</sup>

**Decline of Transfer Order:**

“The case is not related to the 2014 case. The 2014 case was closed in 2014, had different claims and defendants, and was handled by now retired Judge King and Judge Kenton [both suspected by Plaintiff to be corrupt, bribed, and retired by Defendants]” - Judge Fredrick F. Mumm (FFM)

*Date: 01-22-2018*

Summary: Evidence that District Judge PA tried to both recuse the dishonorable MWF and fraudulently damage Plaintiff’s case by attempting to transfer the case back to previously suspected to be corrupt Judge FFM before issuing an order that clearly fails to consider the material facts. The 2014 complaint was much more similar, but still not identical to the cases in filed in Superior Court. This case is at least four times more different than anything previously filed and the “Transfer Order Declined” document stands as evidence from another judge, who just redeemed himself, that this case is not identical and therefore res judicata is void.
