26  
27 **In Brief:** Give Plaintiff “the loot” as defined, receive equity, and evade capture.

1 **I. SUMMARY**  
2

- 3 ♦ Plaintiff is nearly ready to file the new RICO Complaint he has been working  
4 on since most recent legal action in the Supreme Court of The United States.  
5 That case was obstructed and is frozen with pending Applications to Justices.  
6
- 7 ♦ Claims to business are maintained. Plaintiff redeveloped his web network  
8 created new equity capital business plans, pitch decks, and other relevant  
9 business documents; was going to and might still release apps integrated with  
10 new sites, but decided to first incorporate and start a franchise.  
11
- 12 ♦ This is a final pre-settlement offer before filing the next case starting against  
13 only John Does 1 to 10, and should result in original Defendants being  
14 amended back in with advance permission from an honorable judge.  
15
- 16 ♦ John and Jane Does have not been dismissed by any court, but this new case  
17 is focused on fraud and obstruction under RICO with less causes of action and  
18 more detailed pleading in the already 100+ page complaint.  
19
- 20 ♦ Plaintiff prepared a list of relief sought prior to potentially agreed upon legal  
21 action, which is contained herein and in consideration innocent shareholders  
22 of Defendant corporations.  
23
- 24 ♦ Plaintiff has always been the solution opposed to the problem and hopefully  
25 you can now realize what Plaintiff recognized early on where some of these  
26 issues have certainly evolved not only regarding what is damaging Plaintiff,  
27 but also society as depicted in relevant news that has since gone mainstream;  
28 such as the entire alleged Snowden thing, other leaks, hacks and accusations.

1 **II. RECENT & INCESSANT VIOLATIONS**

2  
3 The new complaint not only goes into more detail than previously pled about  
4 outrageously continued racketeering activity and how the elements are met for each  
5 cause of action, but also further disproves all bogus excuses pled by Defendants and  
6 provided in foolish orders made by corrupt judges; moreover, greater explanation is  
7 provided for how relief is justified based on market values of copy-cat competition.  
8

9 ♦ **John Does:** Most previous violations were repeated and got much worse.  
10 Defendant admins and subpoenas can both identify unknown Does and  
11 validate beliefs/suspicions. Plaintiff can provide a list of additional businesses  
12 and individuals not limited to obvious executives who both have no excuse  
13 for neglect since 2014 and deserve to split the bill if or serve hard time.  
14

15 ♦ **Meta / FB / IG:** Not Limited to Regulated Reach/Stats (Followers, Likes,  
16 Views); Disabled WC IG Account; Disabled WC FB Fan Page; Various  
17 Disabled & Abused Features; “Seen” Direct Messages @Zuck (w/Seen  
18 Notifications Removed & Screenshot Evidence); News Feed Hacks (Targeted  
19 Mind Control Fails etc.); Store Disrupts; Like/View/Follow from Harassing  
20 Names Hacks; Number Hacks Apparently Programmed Into All Feeds  
21 Coming from an Array of Pre-Defined Harassing Numbers); Intentionally  
22 Harassing & Threatening Sponsored Content  
23

24 ♦ **Alphabet / Google / YouTube / etc:** Not Limited to: YouTube Attacks  
25 (Disabled & Restricted Videos, Forced Music Changes, Reach & View  
26 Counts); Galley Widget Fraud; Android Espionage; Google Store Fraud;  
27 AdSense Disruption; Responsibility for Twitter? Intentionally Neglected  
28

1 Twitter Support; Similar to Apple App Store, Google Play is Responsible for  
2 Third Party (Mainstream) Hack App Distribution

3  
4 ♦ **Twitter:** Not Limited to: WC Twitter Account Suspension(s); Feed  
5 Programming / Attempted Mind Control; Number/Word Hacks in Shortened  
6 URLs; Fake News & Election Stats in Feed Corresponding to Identified  
7 Number Hacks; Twitter Emailing Fake News & to Suspended Account;  
8 Reach/Stats/Follower Disruption; OG Image Thumbnail Disruption

9  
10 ♦ **Apple:** Not Limited to What is Easily Proven: Made it Impossible to Update  
11 Mac Pro OS Thereby Disabling Necessary Software & Rendering Very  
12 Expensive Supercomputer Useless; Locked Out of iCloud; Brand/Fashion  
13 Stalkers Wearing Apple & Creeping into Stalker Photos; Cross Platform  
14 Stalking = Problems Followed to Windows/PC & Mimicked; Still Liable  
15 Despite No Longer Using Apple Technology, etc.

16  
17 ♦ **Chase:** Credit Score Problem Caused by Finance Disruption Still Affecting  
18 Plaintiff Regularly in Present Day; Slippery Slope to Other Financial and  
19 Bank/Money Related Fraud; Attorney Selection by Name Hack & Seemingly  
20 the Head Puppet Leading the Pack of “Criminal” Defense Attorneys (Nothing  
21 Personal Mr. Watson; Glad to Elaborate in Detail)

22  
23 This list covers a lot of new instances of similar but different crimes committed by  
24 previously and criminally dismissed Defendants in violation of Plaintiff’s rights, but  
25 hardly scratches the surface of everything Plaintiff is pleading in the new complaint.  
26 These Defendants are legally liable for previously report, forementioned, and the  
27 following violations, which most probably would not have happened if had  
28 Defendants not started the trend regardless of neglect and obstruction.

1 **III. OBVIOUS PATTERNS OF RACKETEERING ACTIVITY**

2  
3 All these problems are linked to one another and follow the relentless pattern of  
4 damage causing violations and obstruction centered around original Defendants who  
5 along with new John Does are all equally liable for everything under the doctrine of  
6 conspiracy easily proven by clear and convincing evidence.

- 19    ◆ Terminate OBSTRUCTION of JUSTICE

20  
21 The cowardly collusion against Plaintiff in attempt of replace Plaintiff and steal  
22 intellectual property is clearly being conducted with competitive businesses planned  
23 to be distributed amongst conspirators not otherwise in position for legitimately  
24 attainable grandeur for their delusions, etc. They are not merely adopting crimes  
25 like copycat killers, but evidence and personal knowledge of certain people make it  
26 obvious that their motive and foolish thoughts about getting away with taking life of  
27 genius are rooted in not legally deliverable promises and agreements with original  
28 Defendants and dumb Does who are still liable for everything.

1 **VII. CONCLUSION**

2  
3 WTF!? Are we not all Americans? This is more than the law and values of the land  
4 whereas Defendant evil is unjustifiable by any belief system. Plaintiff is a can do,  
5 did, and does do kind of man opposed to falsely entitled dumb Does being monkey  
6 see but cannot legitimately do wannabes, intellectually inferior goons, and corrupt  
7 government actors causing additional damages.

8  
9 Give Plaintiff all the loot with no strings attached or he will inevitably arrest John &  
10 Jane Doe Defendants, evil attorneys, and government actors who obstructed of  
11 justice.

12  
13 In conclusion, please do the right thing as this could be your final opportunity to live  
14 in peace and freedom while joining true original genius (“OG”) on the rise to  
15 success.
